

POWERED BY

Contractor Grade Generator

Heavy Duty Design,
High Quality, High Value,
Long Life &
Low Fuel Consumption

FEATURES

- Heavy duty, industrial, electric start Lombardini diesel engine
- Massive frame: 1.25" steel tube; CNC formed; MIG welded and powder coated
- "Focalized" vibration isolation system assures smooth operation
- 1.2 gal/5 liter engine mounted fuel tank; runtime 2.5 hours at rated/cont. load
- High quality 2-pole alternator with low harmonic distortion and clean wave form
- Battery tray and cables (electric start only)
- Low oil pressure automatic engine shut down system

SPECIFICATIONS

ELECTRICAL OUTPUT

- 5500W surge output; 4500W rated/cont. output
- 120/240V; single phase; 60Hz; <6% THD
- Surge amps: 45.8A@120V; 22.9A @ 240V
- Rated amps: 37.5A@120V; 18.8A@ 240V

ENGINE

- Lombardini 15LD 400; rated @ 10hp
- Electric start with recoil back-up
- Direct injected, low fuel consumption
- EPA and CARB certified
- 3-year limited warranty

WARRANTY - Generator Set

- 1 year limited

WEIGHTS AND DIMENSIONS

- 230lbs
- 28.0"L x 20.5"W x 23.38" H

ELECTRICAL OUTLETS/ENGINE CONTROLS

- Qty 1: duplex (NEMA 5-20R)
- Qty 1: 120/240V-30A twistlock (NEMA L14-30)
- Thermal circuit breakers
- Engine control module w/key switch and warning lamps (oil pressure, charging)
- Grounding post
